It is the opinion of SAs [redacted] and [redacted] that PLUMLEE is interested in establishing contact with the FBI in Arizona in the event he should ever become involved in "border-line" activities. It was noted that PLUMLEE initiates contacts with the press and Government agencies, but in conversation he indicates "he was contacted by." PLUMLEE also seemingly has a tendency to embellish his stories. However as PLUMLEE does have some knowledge of matters of a current concern to the United States Government and as PLUMLEE is disposed to contacting the Phoenix Division at this time, Phoenix will continue to receive information from PLUMLEE and furnish same to Bureau. As noted in LHM, in PLUMLEE's last contact with Phoenix on 8-10-76, PLUMLEE was advised [redacted] to detailed writing.
